

PONDING WATER SOLUTION - CUSTOM TAPERED DRAIN SUMPS

Program Benefits:

- Solution to greatly improve drainage on your flat roof
- Standing water magnifies UV rays from the sun and causes pre-mature deterioration
- Proper drainage will deter birds and organic debris accumulation that can plug drains
- Foran's Roofing skilled Techs can customize drain sumps to draw water from up to 30' away to the current drain locations
- Save major expense and disruption by not having to add plumbing on interior of the building
- Drain sumps are machine cut to 1% or 2% slope
- Drain sumps are cut from the highest R-Value per thickness insulation on the market

Please email info@foransroofing.com or call 905.668.3244 for additional information and site specific pricing.
Take the guesswork out of roof access management for your entire portfolio.
