

## ROOF ACCESS MONITORING PROGRAM

- Program Benefits:**
- Monitor un-authorized roof access
  - Increased due diligence
  - Potential reduction in insurance costs

Foran's Roofing introduces our **NEW** Roof Access Monitoring Program **WITH DATE AND TIME REPORTING** capabilities. A small electronic, maintenance free RTC-P3 counter is mounted in an inconspicuous area near hatch or all roof access points. Electronic reports indicate the date and time the hatch was opened for up to 6 months. Highly visible sign in procedure placards will be placed in roof access area. Placards warn contractors that the access is monitored. Foran's Roofing provides installation and reporting services tailored to our Client's requirements.

## ROOF ACCESS DATE AND TIME REPORTS
